JOB TITLE YOU'RE SEEKING

Frontend web development | UI/UX Design | Digital Marketing

As a software engineering student from Yemen studying in Pakistan, I specialize in full-stack and cross-platform app development, with a focus on integrating AI/ML technologies. My passion for creating aesthetically pleasing and user-friendly applications, particularly in UI/UX design, sets me apart. My dedication to continuous learning and delivering high-quality software has led to successfully building websites and mobile applications that solve complex problems and meet user needs.

WORK EXPERIENCE

Internee.pk Internship – remote , *pakistan* July/2024 – present

UI / UX Design

As a FIGMA Intern at Internee.pk, I will focus on learning new skills and gaining hands-on experience with various design concepts, conducted remotely.

- Gained hands-on experience with FIGMA and various design tools, enhancing my UI/UX design capabilities.
- Contributed to multiple design projects, delivering creative and effective solutions that align with company standards.
- Worked closely with team members and supervisors, effectively communicating ideas and feedback to improve project outcomes.
- Applied innovative design techniques to solve complex problems, resulting in improved user experiences and project success.

InternnCraft Internship - remote, *Pakistan* July/2024 -September/2024

UI / UX Design

As a Remote Intern in the UI/UX DESIGNER role at InternnCraft, I am responsible for contributing to meaningful projects with real-world impact while honing my skills in UI/UX design.

- Developed and implemented UI/UX design strategies for various projects, enhancing user experience and visual appeal.
- Demonstrated excellent communication skills and efficient time management, ensuring timely project delivery and effective collaboration in a remote environment.

AHMED ALSAKKAF

ahmedabdulkareem1000@gmail.com

- Successfully worked both independently and collaboratively, adapting to a remote work setting and contributing to team success.
- Gained practical experience and deepened knowledge in UI/UX design, applying innovative solutions to real-world challenges.

Internee.pk Internship - *remote, Pakistan*

June/2024 – August/2024

Frontend Web Development

As an intern in the HTML CSS & JS role at Internee.pk, I have the opportunity to gain hands-on experience and learn new skills in web development.

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and accessibility.
- Engaged in practical projects that allowed me to apply my skills in real-world scenarios, enhancing my understanding of web technologies.
- Implemented innovative design solutions to enhance user experience and interface design, making applications both functional and visually appealing.

EDUCATION

COMSATS University Islamabad - *Islamabad, Pakistan*

Bachelor In Software Engineering, February/2022 – February/2026

PROFESSIONAL SKILLS

- Mastery of Microsoft Office (Word, Excel, PowerPoint) and Google Suite (Docs, Sheets, Slides).
- Web Development: Proficient in HTML, CSS, JavaScript, Bootstrap, and SASS for building responsive and dynamic websites.
- Programming Languages: Skilled in Java, Python, and C++ for various software development projects.
- Digital Marketing: Experienced in WordPress, SEO, SEM, Google Ads, and email marketing, with a strong understanding of online marketing strategies.
- UI/UX Design: Competent in using Figma and sketching for designing user interfaces and experiences.

AWARDS AND HONORS
